Radiation Myth Buster

Heard people saying **mobile tower radiation** is harmful?

Yeah, it's like a health scare these days.

SAKHI

SANCHAR

Well, WHO says, "**No convincing evidence of harmful effects.**" It's a myth buster!

Really? But what about the radiation?

SAKHI

SANCHAR

It's non-ionizing. No mutant **superheroes** here, just harmless waves.

Impressive. But what about **norms**?

SAKHI

SANCHAR

India's norms are 10 times stricter than the international standards. We're playing it safe.

Where do I check this?

SAKHI

SANCHAR

SAKHI

Head to tarangsanchar.gov.in. Check the emission levels of your nearby tower. Knowledge is power!

Sanchar Saathi Portal Feature

Ever heard of the **Sanchar Saathi portal** ?

Sounds like some cool tech, what's it about?

Nah, it's the government's way of turning us into **mobile superheroes**. You can control your mobile connections & even be a phone detective.

Detective, really? What can I solve ?

Know all the connections in your name, disconnect the unnecessary ones, block/trace lost phones, & even check its genuineness while buying a phone

So, it's a **superhero** utility for Mobile Users?

Its much more, there are modules like CEIR, TAF COP, and a "**Keep Yourself Aware**" section to assist you

How do I join this league?

Easy Just visit the **Sanchar Saathi website** & be the hero your mobile deserves.

Thanks, rushing right away!

Tarang Sanchar

Do you know about **Tarang Sanchar Portal**?

No, what's the deal?

It's like a secret club but for mobile towers. Shhh...

Intriguing! Tell me more!

It's the DoT's cool project. No, it won't make your phone fly, but it's about Tower radiations

So, no superhero phones?

Sadly, no. But, you can check if your friendly neighborhood mobile tower is emitting EMF signals in limits.

That's it?

There's more, **Tarang Sanchar Portal** lets you stay updated on EMF stuff, bust myths & even lets you voice your opinions.

Nice! Finally, a portal for my tower-related concerns.

Exactly! Head to the **Tarang Sanchar Portal** to bust all your myths.
